

Unusual Day in NL

Mets Sweep Two, 6 Runs by Cards

By the Associated Press
National League baseball fashion.
The bases were loaded in the eighth inning when Aspro lined the first pitch was thrown at Pittsburgh until the last out was recorded at St. Louis.

In between, some interesting things happened.
—Like the St. Louis Cardinals scoring six runs—their highest total in three weeks.

—Like the New York Mets sweeping a doubleheader.
—Like Bob Aspromonte driving in two runs on a force out.
—Like Ed Kranepool driving in two runs.

The Cards, locked in a hitting slump that bumped them to fourth place with 11 losses in 13 games, woke up with a 6-0 victory over San Francisco. Houston battered Atlanta 11-0. New York swept a twinbill that started in mid-morning from Pittsburgh 6-3 and 5-4. Los Angeles dropped Cincinnati 5-3. Chicago's game at Philadelphia was rained out.

Thirteen doubleheaders had come and gone since the Mets last swept one. But the ingredients were right Thursday.

First, the opponents were the Pirates, victims of the last Met sweep back in August, 1967. Then there was the bizarre 10:30 a.m. starting time. And then, perhaps most startling, there was Kranepool driving in two runs.

—Kranepool had been up 95 times without an RBI this season. The Pirates were so confident they could handle Ed that they walked rookie Kevin Collins intentionally, loading the bases in the third inning of the first game.

But Kranepool singled for two runs and New York was on its way to the victory—eighteen in 10 decisions for rookie Jerry Kosman.

The Mets completed the sweep for Dick Selma's fourth consecutive victory. New York scored all its runs with two out in the fifth inning—a rally started, appropriately enough, by Don Bosch's first hit of the year.

Houston had almost as much fun against the Braves, collecting 15 hits—three each and three RBI apiece by ex-Braves Dennis Menke and Lee Thomas. Aspromonte also had three runs batted in and two of them.

Little League Tournament At La Porte

LA PORTE CITY — Entries are being accepted for the second annual Independent Little League baseball tournament here, sponsored by the La Porte City Jaycees.

Entry deadline is June 25 for the meet which will probably be in the last weekend in July. Only teams without national affiliation may enter.

Tripoli won the tourney last year, and this year Jaycees are hoping for about a 12 - team entry list, although more will be accepted, with the entry fee determined by the number of entries.

Teams wishing to enter should contact John Yarrow, in care of the Cedar Rapids YMCA, Room 407.

Letterwinners At Aplington

APLINGTON — Letterwinners for all sports for the past school year at Aplington High School have been announced.

The letterwinners are from boys' and girls' basketball, softball, and girls' baseball and football.

Boys' track—Darwin Uhlendorp, Gary Osterkamp, Wayne Poler, Dave Muller, Bill Kampman, Kim Dix, Joel Frey, Darren Uhlendorp, Alan Oelman, Bruce Lindeman, Rick Barnett, Bob Osterkamp, and Leon Koop.

Girls' track—Norlene Avery, Pam Brouwer, Joyce Van Dyk, Marlene Koehler, Sandra Smith, Vicki Prus, Collette Caveller, Marilyn Lindeman, Lauren Meyer, Karen Meyer, Margaret Lindeman, Linda Meyer, Eunice Helken, Jocelyn Usher, Kathy Meyer, Bob Dahn, and Karen Lindeman.

Boys' basketball—Norlene Avery, Marlene Koehler, Poulie Neumeyer, Joyce Van Dyk, Collette Caveller, Kris Koel, Marilyn Lindeman, Vicki Prusner, and Jacque Schachman.

Girls' basketball—Norlene Avery, Marlene Koehler, Poulie Neumeyer, Joyce Van Dyk, Collette Caveller, Kris Koel, Marilyn Lindeman, Vicki Prusner, and Jacque Schachman.

Girls' basketball—Norlene Avery, Marlene Koehler, Poulie Neumeyer, Joyce Van Dyk, Collette Caveller, Kris Koel, Marilyn Lindeman, Vicki Prusner, and Jacque Schachman.

NL ROUNDUP

but Wynn was cut down at second for the out. Two RBI, one force play.
Mike Cuellar went the distance for the Astros, scattering seven hits.
The Cardinals busted loose in the first inning against the Giants with consecutive home runs by Mike Shannon and Tim McCarver keying a four-run rally.

That was plenty for Steve Carlton, who breezed to his sixth victory of the season and

first ever over San Francisco. The four-run single-inning flurry matched the Cards' total production in all but two games this month and the six runs were the most they managed in any game since May 4.

Los Angeles parlayed 13 hits and 10 walks to its victory over the Reds with Claude Osteen getting the victory.

Phillips was cut down at second for the out. Two RBI, one force play.

Mike Cuellar went the distance for the Astros, scattering seven hits.

Sleep Is Where You Find It

Two racing fans and backers of race driver Graham Hill ignore the inclement weather, mud and water in the infield to catch a few winks of sleep Thursday before the start of the Indianapolis 500.

5-Car Wreck as Sanger Triumphs

Five cars were knocked out/feature race at Tunis Speedway during the third lap of the Thursday night, with Waterloo's Ed Sanger coming ending sixth in the race.

Sanger also won the B semi-main during the evening.

Zwanziger was driving the car previously driven by Cal Swanson of Reinbeck. Swanson suffered a broken hand at Hawkeye Downs in Cedar Rapids recently when his wheel hit a clump of dirt, twisting the steering wheel hard enough to break his hand.

Gary Church of Independence won the first novice race of the season Thursday. Races are slated as usual Saturday at Independence and Sunday at Tunis in Waterloo, both nights starting at 8 p.m.

First heat—1. John Webb (Independence), 2. Gale Card (Waterloo), 3. Dave Bedard (La Porte City).

Second heat—1. Glenn Martin (Waterloo), 2. Karl Sanger (Waterloo), 3. Red Drostle (Waterloo).

Third heat—1. Bill Zwanziger (Waterloo), 2. Bob Hillmer (Dysart), 3. Merl Williams (Rochester, Minn.).

A-Semi—1. Bedard, 2. Card, 3. Ty Burger (Waterloo), 4. Paul Fitzpatrick (Rochester, Minn.), 5. Dave Maxson (Cedar Falls), 6. K. Sanger.

B-Semi—1. Ed Sanger, 2. Drostle, 3. Chris Liebe (Oelwein), 4. Klaus Stricker (Waterloo), 5. Zwanziger, 6. Stan Stover (Cedar Falls).

Consolation—1. Glen Jetter (Tama), 2. Curt Hansen (Dike), 3. Lee Schaffert (Waterloo), 4. Terry Messersmith (New Hampton), 5. Harold Oden (Warren), 6. Joe Bogby (Independence).

Feature—1. Ed Sanger, 2. Stover, 3. Lynn Jetter, 4. Fitzpatrick, 5. Bedard, 6. Card.

Novice—1. Gary Church (Independence).

Miner Blocks Archaeologists

YERMO, Calif. (AP) — Deeply set aside for further study and in the barren Mojave Desert, possibly opened to the public.

Meetings have been proceeding for several days between representatives of the scientists, Gunn and his attorney seeking an arrangement which would enable the research to continue.

The original discovery which led to the dig, sponsored by the San Bernardino County Museum, was made in 1963 by Miss Simpson.

The researchers have worked since then, using linoleum knives, dental picks, chisels and pick hammers, excavating several pits, each 20 feet deep, in a prehistoric alluvial fan—a deposit formed where debris spilled from a stream at the end of a gorge.

They say more than 550 pieces of chalcedony—a translucent, microcrystalline variety of quartz—showing evidence of being worked on by men, have been removed from the pits.

Dr. Thomas Clements, retired chairman of the geology department of the University of Southern California and a member of the dig team, said the fan was formed at least 50,000 years ago but may date back another 30,000 to 50,000 years.

Leakey has said the evidence gathered at the Yermo diggings, including more than 100 man-made tools, warrants continued research until the age of the relics is proved.

But Gunn said the presence of the researchers is keeping him from digging bontinite, a rare earth from volcanic ash, on claims he has held since the early 1950s.

Assaying Deposits
At the request of the archaeologists, the Bureau of Land Management is assaying the deposits to determine whether the claims are worth mining. If so, the bureau also has suggested that the five-acre diggings be of early man.

He called the discovery "tremendously important—one of the major archaeological finds in the western hemisphere."

"We believe this discovery opens a whole new chapter in the history of the area," said Miss Simpson. "It is imperative that the scientific fraternity come here to examine the site, to inspect what we have identified as tools of early man."
